Product highlights

Body illumination
Once the kettle is switched on, the inside of the kettle illuminates, radiating an elegant blue light trough the transparent waterlevel indicators and lid

Triple action filter
The detachable filter not only keeps the scale flakes from being poored out. It actually attracts the scale to the filter, keeping the particles attached and the flakes in a basket. Leaving your kettle much cleaner, and your water perfectly clear

Spring lid
Transparent spring lid. Push the opening button, and the lid opens effortlessly.
